PROJECTS

Digital Evidencer
This project is about to create a pdf of whole website with its forensic details for example. hash value of each page, start time and end time of process, ip address etc.

Personal Portfolio Website
I made a personal portfolio website using React.js. In this project, I learned React and implemented it to showcase information about myself and my projects.

Coffee Website
In this project I made a simple frontend part of website by using Html, CSS, JavaScript technology using some animation on button and images.

CERTIFICATIONS

The Web Development Certificate
Udemy
In this course, I learned web development technologies from the basics, including HTML, CSS, JavaScript, React, and Node.js.

React Js Bootcamp
KJSIEIT
The K J Somaiya Institute of Engineering and Information Technology organized a React JS bootcamp. During the bootcamp, they covered the basic fundamentals of React JS and how to apply them in projects.
